Speaker: Jay Reynolds

Research Astronomer, Cleveland State University
Director, Walter R. Schuele Planetarium

Astronomy Up-Date

Our annual up-date by Jay Reynolds will emphasize the following:

- NASA Dawn's winding mission to the asteroids Vesta and Ceres.
- Review Student research from Cleveland State University and Lakeland Community College using simultaneous observations of Hubble and ground based observatories.
- State of the solar system exploration and what we might expect in 2009.

High School Teachers interested in bringing two students, as our guests, please contact Bob Sledz, President, at 440-333-7827 or sledzbob@yahoo.com by the Friday prior to the scheduled meeting date.
